FOREWORD.

We are very happy to offer the prints described in the following catalogue selected from the collection of Mr. Hogitaro Inada of Kyoto, who is known as a critic as well as expert in Oriental Art both in London and Paris.

Mr. Inada has had exceptional opportunities to obtain genuine examples of the noted prints of famous artists. The present catalogue will be found to contain prints of high grade throughout, a number of them having passed through the hands of Mr. J. S. Happer, of London, which have his stamp and certificate on the reverse; others have the Wakai and Hayashi Seals—all of which will be of interest to the Amateur as well as the Collector who often feels that his judgment is not infallible and likes to compare his own experiences with those of others interested in the same lines.
